IMS POLICY

We, at Al Qabdah Global Building Contracting in accordance with ISO 9001:2015, ISO 14001:2015 and OHSAS 18001:2007 are committed to:

- Promote Quality, Environmental and Occupational Health & Safety with regards to awareness, understanding and care throughout the organization.
- Set and disseminate quality objectives throughout the business thus providing the frame work for measuring the objectives and validating its outcomes.
- Identify significant aspects and workplace hazards in order to reduce the inherent risks and impacts to manageable levels there by avoiding accidents along with their impacts such as consequential costs and liabilities.
- Support the Environment, by setting clear objectives that would reduce the impacts on it and the consequential health hazards evolving from it.
- Communicate the system throughout the business and providing appropriate and adequate training to ensure that all employees understand and embrace all the system requirements.
- Listen to the Customer to fully understand their needs and requirements, eventually meeting or exceeding their expectations.
- Interact with our Business partners, Subcontractors, Suppliers, Organizations or fellow employees to ensure continuous improvement of the collective performance.
- Maintain a culture and workplace which allows our employees to develop and reach their potentials in line with our business strategy.
- Endorse training and improvement for all employees across all departments as part of our organizational improvement strategies.
- Continually monitor and review our Integrated Management System to ensure that our system is in line with our customer needs & expectations and our business strategy.
